RE: METRO CHART...With closer scrutiny one can see that all facets of city, county and state governments are locked into this program. To function they need the federal revenue sharing funds, and the federal grants. Please review carefully the 23 divisions or groups itemized on the left side of the METRO CHART. The operation and implementation of their objectives converts our local self-determinations into federal socialist programs.

This network, developed by the Rockefeller's, to indoctrinate our public officials and redirect the course of American gov't. so it could be managed by global government.
