Dear Illegal Alien Control Activists,

Thank you for your support of our efforts to see the criminal illegal problem solved. You who donate allow this important effort to continue. Again, we salute our out of state donors who are very helpful. Each of you is very important. **First the good news: Rep. Boehner stated amnesty is "dead on arrival" this session.** The inside word is many Democrats don't want to deal with it and they couldn't get enough votes. It could be a long time before this gains traction.

Like many of you, we recently learned of the enacted Arizona laws which have similar solutions to our text. **We must stand together with Arizona. Please help us to put into California law many of the same ones passed in Arizona.** *By focusing on the criminal illegal alien problem does not diminish our goal to raise the issue of ending automatic citizenship which is equally important.*

OUR NATION'S FUTURE DEPENDS ON US QUALIFYING LAWS TO STOP THE INVASION OF OUR COUNTRY... IT IS TIME TO CONTRIBUTE.

Since the Arizona laws were adopted we have received many requests for media interviews regarding our laws from local TV, newspapers and talk radio. The issue of stopping illegal migrations is on the front burner. If everyone who has not donated recently will contribute \$50, this can go a long way in helping us to move these laws to the ballot.

We are very committed to solving the criminal illegal alien crisis with our legislation. We can all have a better understanding of the extent of the problem from the words of Senator Russell Pearce, Arizona, who is the sponsor of their recent legislation. This is what he said on May 30, 2009:

Over please . . .

"This Republic is at risk with our out of control politicians and Police Chiefs who refuse to keep their oaths of office and enforce the laws of this land and the Constitution. The Deaths, the maiming, jobs lost by Americans, lower wages, cost to educate, medicate and incarcerate fall on the shoulders of those who refuse to enforce our laws. Government is complicit. According to studies illegal aliens commit violent crimes at two to three times, than natural born citizens. The media continues to ignore the real issue, PUBLIC SAFETY."

According to researcher Deborah Schurmann-Kauflin, there are estimates of 240,000 illegal alien sex offenders in the United States who have had an average of four victims each, noting illegal aliens have committed one million sex crimes. She also revealed 100 sex offenders are crossing the border daily. From the book, "Dark Side of Illegal Immigration" by Peter Wagner: **"It is a fact that a disproportionately high percentage of illegal aliens are criminals and sexual predators."** **That is the number one crime for illegal alien arrests.**

Here are the words of Ernesto Zedillo, former President of Mexico, at a meeting of the National Council of La Raza (The Race). *"I have proudly affirmed that the Mexican nation extends beyond the territory enclosed by its borders and that Mexican migrants are an important, very important part of it."* Yes, Mexico enclosed us with their sex criminals, drug dealers, robbers, smugglers, rapists and murderers.

If you want to see similar laws in California that were enacted in Arizona, you will need to donate now to the effort to move this toward the ballot. We cannot leave this huge crime problem to our children to solve. The opposition clearly wants NO law enforcement action for illegal aliens. It is frightening how they talk about this as racial profiling. That is absurd, they are attacking the police.

Sanctuary city policies have created a revolving door, they come right back after deportation. **Not doing anything only leads us to more criminals getting a free pass to stay in our country to commit more crimes.** These criminals have caused the deaths of innocent American citizens. In their memory, please do your part to contribute to this campaign that can make a difference to change the laws once and for always.

Here is what we are up against: Rep., Raul Grijalva (D-AZ) and others were calling for a business and economic boycott of Arizona even before the governor signed the bill, telling organizations to cancel or not schedule their conventions in the state. He is also joined by Rep. Baca (D-CA).

At this writing five conventions have been cancelled! Grijalva has also called on the Obama administration and federal agencies to not cooperate with Arizona authorities. The experts have stated that these cancellations and boycotts called by Latinos are going to hurt legal Latinos and others who are working in the hotel and restaurant business.

Next page . . .

Here is the law Grijalva is attempting to violate: 8 USC 1373:

Communication between government agencies and the Immigration and Naturalization Service

(c) Obligation to respond to inquiries

The Immigration and Naturalization Service shall respond to an inquiry by a Federal, State, or local government agency, seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the agency for any purpose authorized by law, by providing the requested verification or status information.

Grijalva is one angry individual. He also called for a boycott of leisure travel, the trucking industry and retail shoppers from Mexico. Los Angeles and San Francisco city councils endorsed these boycotts.

Also the Mexican government passed a resolution against the AZ law, issuing a statement: **"The Mexican government condemns the approval of the law" and "the criminalization of migration."** They also called it "racist" and "a violation of human rights." Mexico warned it could affect cross border relations. ***Had enough? Are you ready to stand up for the United States of America by helping California to vote on these laws? Now is the time to donate. The citizens can make these laws permanent in California.***

Also, remember these illegal alien criminals, drug dealers, terrorists, all give birth or become a parent to an instant U.S. citizen; that must be stopped. Thousands of pregnant criminals are allowed to sit in jail to give birth before being deported. This is an outrage that Rep. Bilbray has already been quoted about. The automatic citizenship policy is destroying our nation, robbing citizens of their tax dollars, jeopardizing their health care, Social Security and accelerating our society into Third World status.

Currently, Rep. Gary Miller (R-Diamond Bar, La Habra) is taking the lead in talking about the bill in Congress to end automatic citizenship, HR 1868. Many have concurred this initiative is urgently needed to give Congress the steam they need to bring the co-sponsors to pass the bill; there are only 90 at present. Rep. Royce said we must have this initiative to alert Congress. **You are donating to help end the travesty of automatic citizenship. In reality the U.S. government has sent us back to live in Medieval England.**

Rep. Duncan Hunter (R-El Cajon) was recently asked: "Congressman, would you support the deportation of natural born American citizens that are the children of illegal aliens?" Hunter replied in part: **"I would have to say yes... We simply cannot afford what we're doing now... We're just saying it takes more than walking across the border to become an American citizen."**

Over please . . .

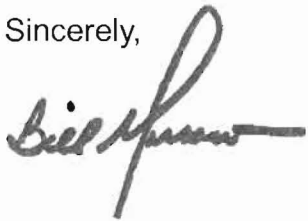

The media has gone hysteric over these comments. Rep. Hunter was called "racist" on Channel 9 TV news by city councilmember Ben Hueso. The San Diego Union Tribune immediately wrote their myths again about 'all persons born on this soil are citizens' ignoring the original intent of the 14th Amendment. We have sent them the truth before and they refuse to print it.

Basically, what is happening by many in the media who fail to do balanced reporting is the same as what occurs in a facist society. This is why our efforts are so important, to get the truth out in order to end automatic citizenship in our nation.

Please make your best contribution possible to this important campaign. We are in urgent need to continue raising funds just to continue this battle. Congressman Royce said 'Everything we do is defense, we must have offense, or we cannot win.' Please help us continue the battle. Your support is more appreciated than words can express.

Please fill out your enclosed card with your patriotic donation of \$50 to this important cause to follow the lead of the great state of Arizona. We cannot let our country be dictated to by outside forces. Our nation's future is truly at stake in this struggle to end illegal migrations. On behalf of all endorsers, we thank you very much.

Sincerely,

State Senator Bill Morrow (1998-2006)

P.S. There are serious consequences if we cannot make changes in the most impacted state. When we pass laws in California those will affect one-quarter of the illegal population. If we don't solve the illegal alien problem our children will be on the outside looking in, witnessing more media sympathizers for those here illegally than citizen crime victims. That is happening right now in front of our very own eyes. We are definite need of the grassroots support to keep the operations moving forward. Please fill out the card with your contribution of \$35, \$50, \$100 or more. We are grateful to you for your generous contributions.

Friends - I have stopped donating to so many groups and only the "few most necessary" causes me to donate. This is one of them! I urge you to also help California Senator Bill Morrow. He are so overcrowded here already.
