

Something Free To You

I am willing to donate -- at no cost to you -- a free bumper sticker announcing the presidential candidacy of Representative Ron Paul (R-Texas). In my view he is the only presidential candidate worth voting for. He believes in the principles under which the founding fathers established this government and will work to stop the globalists and their plans to abolish our rightful system of government.

Send me your self-addressed, self-stamped envelope to P.O. Box 1776, Hanford, California 93232 if you would like to receive a “Ron Paul for President” bumper sticker for your car. I will provide the bumper sticker for free – at no cost to you for the bumper sticker itself -- but you will have to provide the self-addressed envelope and stamp. Put a 41¢ stamp on your self-addressed envelope if you want just one bumper sticker. The size of the bumper sticker is about 12” x 3”. If your envelope is small, I will have to fold the bumper sticker in half.

-- OR --

Send \$1.00 FRN with your address label included or clearly printed on a 3 x 5 card and receive three free bumper stickers. I will provide an envelope large enough that the bumper stickers will not have to be folded. The postage for this mailing will cost 97¢. It will be mailed to you promptly.

As you know, the media is controlled, and Ron Paul is being denied the publicity he should get. It is up to us to give him whatever publicity we are able to generate. If you need literature on his position, please check my web site for that. <http://www.libertygunrights.com>. Spread the word about this patriotic man.
